What is Just the Job ?

Just the Job Environmental Enterprises is a registered Charity and Social Enterprise providing work, training, learning and social opportunities for people with special work needs.

We work with a range of communities and agencies, that refer people to us to join our supported work teams, and also ask us to do useful work in the local community.

Through our links with local businesses, we offer work experience, and a chance to gain horticultural and forestry skills.

Message from the Manager

Apologies to everyone, as it is some time since our last Newsletter!

Many of you will know that since the beginning of this year we have had the major upheaval of moving from Catterick Garrison into Richmond.

THANK YOU to all of the people and organisations that have helped us to make the transition. The move to Gallowfields Trading Estate, in the freezing temperatures of last December and January was not easy. In particular we could not have done it without support from Richmondshire District Council, Richmond Town Council, as well as some local businesses, who responded rapidly and generously with advice, time, equipment and effort. We would like to say Thank you Carillion enterprise for their donations and assistance. We are delighted to have been offered a long term lease on some land at Quarry Road, which, subject to planning permissions, will become both a Community Orchard, managed by TRY, the Transition Town Group, and a low environmental impact horticulture project for Just the Job.

Our gardening service has remained buoyant, despite the recession, and our small grounds maintenance contracts are invaluable to our earned income.

A big THANK YOU to the Work Team, and Directors who have risen to all of the challenges of the last year, and never fail to surprise me with their ingenuity, integrity and humour- their motto being 'There's no such word as 'Can't' here!' We look forward to 2012!!

Julie D'Arcy
Manager

'Save It' Campaign:

Thanks to the generosity of many local people and organisations our campaign to reduce our energy costs raised £3,200. Thanks to Period House Store we have been able to install a reduced price wood burning cooking stove, and Mick Swainston gave his labour free to insulate the roof of our unit. Already we can see and feel the benefits, and our Work Team can enjoy a hot healthy meal at lunch times! We are very grateful for the generosity of all these good folk.

Just the Job completes facelift for local firm.....

Just the Job, has been warmly congratulated for the completion of a major garden renovation project outside the local branch of North Yorkshire Timber (NYT).

Dan Simpson, branch manager at NYT Richmond said: "The garden area at the front of our branch on the Gallowfields Trading Estate, was overgrown and in need of some expert attention. I was aware of Just the Job and the landscaping work they've done for other organisations in our area, so I contacted the Manager, Mrs Julie D'Arcy to see if they could help.

"Julie and her team were keen to take on the project and I am very impressed with the work they've done to improve the appearance of the front of the branch. The charity provides valuable employment opportunity's for local people and I am pleased that NYT have been able to support the great work they do."

Branch manager, Dan Simpson is pictured, far right, with Julie D'Arcy, centre front, flanked by the Just the Job team.

Established in 1979, North Yorkshire Timber is one of the region's largest independent timber suppliers. The company operates a 120,00 sq. ft. manufacturing and distribution centre near Catterick and 7 branches across Yorkshire and the North East, selling a wide range of timber products, including hardwood flooring and doors, decking, fencing and roof trusses. For further information, visit www.nytimber.co.uk.
