Apologies

Apologies to those of you who noticed we missed a summer Newsletter - we have had a very busy time as you will see!!

Growing green

For Just the Job, summer begins with growing - This year we grew tomatoes, pumpkins, peas, artichokes, herbs cauliflowers, carrots lettuce, cucumber, onions strawberries, marrows & courgettes & cabbages. We hired a stall on Richmond market to sell the produce & made friends in the market hall. Our produce is chemical free, of course

Richmond Town

Our watering team rises at 5am to make sure the flower displays are watered before the town traffic builds up. This starts in June and ends in October.

We will also sell logs from our new premises in Gallowfields Trading Estate in the New Year.

Celebrating Achievement

Six people completed the NVQ level one and five people passed the level two in horticulture in 2010.

All the Work team members and staff were presented with certificates for these awards and also in: Health and Safety, Forestry skills, Safeguarding Adults and First Aid.

The European Social Fund - skills funding allowed us to work with each work team member on a personal development plan, and to help them to achieve their personal goals. Col Nick Millen, Catterick Garrison Commander, the Chair of Richmond Rotary Club and staff from Askham Bryan College presented certificates, and commended Just the Job for such hard work and achievement over the last year. World veteran Table tennis champion Les D'Arcy praised the work team members for their commitment in overcoming adversity and encouraged them to 'aim higher'.

Congratulations also to Sue Price who graduated at York Minster in November and is now a State Registered Occupational Therapist with JTJEE.

‘GREEN LIVING AWARD SUCCESS!’

The Richmondshire Local Strategic Partnership’ Green Living Task Group has given Just the Job its
